KCS New Horizons Responsibility Statement

Responsibilities of computer recipient

1. Have clear desk space for the computer, monitor, keyboard, mouse, and speaker
2. Locate close to power outlets and recommend at least a 5 position power surge protector
(Electrical connections for monitor, computer, speakers, modem and possible future printer)
3. Locate close to either the phone line for dial-up or modem for DSL or Cable
4. If connection to dial-up, have a disk purchased for installation (Best Buy or Wal-Mart)
5. If using DSL or Cable, have the modem previously installed
6. Dial-Up (\$15 - \$25 per month) (Disks available at Best Buy and Wal-Mart)
7. Local DSL companies are Qwest (\$30 - \$60 per month)
8. Local Cable companies are Wave Broadband and Comcast (\$45- \$60 per month) (Comcast Essentials Program for low income with school-aged children costs \$9.95 per month)
9. Keep liquids away from the computer and the keyboard.
10. Practice good computer 'housekeeping' practices, i.e., anti-virus, malware, CCleaner, Patch my PC, etc. Help keep your computer running efficiently and avoid being hacked!
11. This computer is provided for your use and your school aged children's use only.

Responsibilities of KCS New Horizons Personnel

1. Provide computer, monitor, keyboard, mouse, and speakers (laptop systems will only be provided an external mouse)
2. Explain connection of electrical, monitor, mouse, keyboard and speaker cables
3. Turn on and verify computer is in working order
4. If disk for dial-up has been previously purchased will install
5. If DSL or Cable connect Ethernet cable connection will be explained
6. Provide information on installed programs and their use

NOTE: All of KCS New Horizons refurbished computer have the following:

1. Windows 7 or 10 operating system with all of the latest Microsoft updates .
2. Computer has connections required for DSL or Cable
3. If requesting Phone Dial-Up please specify because NOT all computers have a dial-up modem!!!
4. A working speaker system with external speakers – some require an electrical connection (desktop systems only)
5. Free and up-to-date Anti-Virus program
6. A defragmenting (Smart Defragmenter) program and a temporary file cleaning program (CCleaner)
7. Internet support programs (Adobe Reader, Java, Adobe Flash Player)
8. A built-in CD or DVD player for music movies etc.

I understand and agree to the above responsibilities:
